

Acel part number AC0375

HSS Jobber Drill Bit

Pack contains 10 x 8.0mm HSS Roll-Forged Jobber Drill Bits.

A great general purpose metal cutting drill bit, ideal for fixing holes, tapping & clearance.

Roll-Forged Flutes rapidly remove spoil for progressive drilling actions.

Ideal Performance in steel and cast materials to 580 H/mm².

Optimal 118° grinding processes ensure drill balance, reliable performance and hole tolerance.

The tip angle also ensures the HSS Jobber Bits are versatile for a variety of applications and materials.

Steam Tempered to improve durability.

HSS Jobbers can be used in: Steel, Non-ferrous, Wood, Plastics.

Technical Specification

Diameter	8.0mm
