

AC0987

OB41 Multi Use Penetrating Oil

- 400ml Aerosol
- Prevents oxidation
- Prevents corrosion
- Free seized, rusted parts
- Lubricates
- Prevent squeaks, creaks

Technical Specification

Colour	Translucent
Application	Multi-Use Penetrating Oil can be used on all ferrous metals and will loosen rust-to-metal.
	This will provide a thin layer of lubricant to prevent squeaks and creaks.
Directions of Use	Gently wipe or brush away any surplus grime, oils or other contaminants. Spray generously from distance of about 10-25cm.
