

## AC16635

### 20AX Intermediate Switch Module - Black

- Grid Module
- Intermediate Switch
- Black Insert
- Ideal for Inductive Loads

#### Technical Specification

|                                              |                              |
|----------------------------------------------|------------------------------|
| Dimensions (mm)                              | 24.5 (W) x 50 (H) x 22.5 (D) |
| Load Rating (AX)                             | 20                           |
| Terminal Torque Value (Nm)                   | 1.2                          |
| Terminal Capacity - Solid (mm <sup>2</sup> ) | 3 x 2.5 or 2 x 4             |
| Intermediate Switch                          | Yes                          |
| Operational Temp. (°C)                       | -5 to +40                    |
| Warranty (Years)                             | 20                           |
|                                              |                              |
|                                              |                              |
|                                              |                              |
|                                              |                              |
|                                              |                              |
|                                              |                              |
|                                              |                              |
|                                              |                              |
