

### AC19170

### 10AX 4G 2W Plate Switch

- Stylish smooth profile plate
- 2 way switching
- Modular switches interchangeable
- White mouldings uses Antibacterial & Antiviral Certified material

#### Technical Specification

|                   |                                                  |
|-------------------|--------------------------------------------------|
| Plate Dimensions  | 146mm (W) x 86mm (H) x 9.5mm (D)                 |
| Maximum Voltage   | 250V~ 50Hz                                       |
| Load Rating       | 10AX (Suitable for Inductive Loads)              |
| Fixing Centres    | 120.6mm                                          |
| Terminal Torque   | 0.5Nm                                            |
| Terminal Capacity | 4 x 1.5mm <sup>2</sup> or 2 x 2.5mm <sup>2</sup> |
| Two Way           | Yes                                              |
| Operational Temp. | -5°C to +40°C                                    |
| Warranty          | 20 Years                                         |
|                   |                                                  |
|                   |                                                  |
|                   |                                                  |
|                   |                                                  |
|                   |                                                  |
|                   |                                                  |
|                   |                                                  |
