

AC33803

4P Main Switch 125A

Main Switch for three phase distribution boards - 125A

Switch disconnecter for the control of opening and closing of circuits under load.

50mm² maximum cable capacity.

Technical Specification

Dimensions: 68x72x85

Execution: DIN RAIL MOUNTING

For Cables Ø: 50mm²

Frequency: 50Hz

Operating Category: AC-22B

Poles: 4

Rated Current: 125A

Rated Operating Voltage: 230-400V~

3-AC33803-2021-V1
