27W LED Corn Lamp, E27, 840

Retrofit Corn Lamps are an ideal upgrade route for aging HID lamps, whilst maintaining the look and integrity of the existing fitting.

RTF Corn Lamps are designed with a large heatsink profile to reduce thermal stresses and the need for internal fans. Corn lamps are suitable for use indoors and in outdoor weatherproof fittings.

In all instances care must be taken to ensure the intended enclosure meets the recommended minimum dimensions specified within. Failure to do so may result in reduced lumen output and shortened lamp life.
