

### AC49421

### LED Halo Elite GU10 - Non Dim

The Halo Elite GU10 combines the tried and tested technology of the Halo GU10 with a high lumen output. Ideal for illuminating spaces at a higher lux level while not breaking the bank.

- High output GU10
- Energy saving benefits of LED
- Rimless lens for improved aesthetics
- True fit GU10 size
- Suitable for fire rated and IP rated fixtures

#### Technical Specification

|                |                                                              |
|----------------|--------------------------------------------------------------|
| Power          | 5W                                                           |
| Cap            | GU10                                                         |
| Lumens         | 550                                                          |
| Candela        | 750                                                          |
| Energy Savings | 93%                                                          |
| Colour Temp    | 3000K                                                        |
| Beam Angle     | 38°                                                          |
