

AC6147

Standard Centrifugal Fan

These centrifugal Bathroom fans are designed for ducted ventilation of internal Bathrooms and WCs.

The fan is designed for surface or flush mounting due to the unique cassette design of the motor and impeller assembly. The rear spigot can be mounted in 2 positions allowing for rear exit or connecting to a vertical ducted system.

Designed for wall or ceilings mounting and discharging via rigid, flexible or flat ducting.

Available as a wall model with the addition of a wall fitting kit.
