

AC63025

100mm dMEV axial fan

A continuous running dMEV extract fan designed to eliminate condensation, humidity and odours in bathrooms, shower rooms, cloakrooms, toilets and kitchens.

The fan boosts via an external switch and / or integral humidistat (can be set between 50 and 90% RH).

Supplied with a remote transformer, the fan is designed specifically for safe installation directly in or over splash area zone 1.

Meets Parts F and L of Building Regulations.

Suitable for wall, ceiling and window fitting (via a Simply Silent Window Kit Plus).

Featuring a baffle-style fascia finished in cool white, the fan comes complete with both round and square covers to maximize customer choice.

Ghost Air Movement Technology for near-silent running.

Fan contains an integral datalogger.

The fan comes complete with a 5 year Guarantee (motor only).
