

AC66302

200mm x 250mm Mirror Demister

Mirror demisters are a low cost but luxurious addition to a new build bathroom or renovation project and are a simple to install solution to ensure mirrors remain permanently condensation free.

Mirror demisters have a self-adhesive backing enabling it to be easily attached to the reverse of a mirror.

Our mirror demisters are BEAB approved, manufactured in the UK in a BEAB approved factory and supplied with our Lifetime Warranty.

Technical Specification	
Size	200mm x 250mm
Output	9W
Output per m ²	200W
Resistance	5977 Ohms
Heating Element	Carbon with copper connections
Supply Voltage	230V +/- 10%
Housing	IP44
Insulation	Double insulated multi-layer polyester/polyethylene
Coldtail Lead	1m twin core 0.75mm ² double insulated
Cable Connector	30mm x 40mm x 5mm
Manufactured In	UK
Approvals	BEAB, UKCA, CE, IP44
Compliant With	Part L, 18 th Edition IEE Wiring Regulations
